Response

15 Sir,

This paper is filed in response to the Office Action having a notification date of 07/18/2011 and setting a time period for reply of 1 month. A corrected version of the Amendments to the Claims section of the response filed 06/01/2011 is attached. In the corrected version, the status identifier for claims 11 and 12 is "withdrawn", and the 20 status identifier for new claims 22 and 23, which are dependent on claim 11 is "new, withdrawn". New claims 24 and 25, like the elected claims 1-10 and 15, are directed to a method of storing a respiring biological material and are wholly within the scope of claim 1, and it is believed to be clear that they should be examined with claims 1-10 and 15. The status identifier for new claims 24 and 25 is, therefore, "new".
